10th April 2020

Dear Parents,

It is hard to believe that we have officially reached the end of the term. What a term it has been!

Having had the opportunity to drop into many lessons over the past few days I am happy to see how resilient the children have been in adapting to their new situation. I am sure that you are all working extremely hard at home to keep them happy and healthy in both mind and body.

Your support during this time is invaluable. I would like to particularly thank those of you who have kept in touch, either by passing on useful feedback to improve the online learning experience or simply to share messages of thanks and positivity. This is really appreciated by all of the staff, to whom I also extend my thanks for their dedication in this truly unique time.

After careful consideration, we have taken the decision to have a break during the official Easter holiday and set no formal work. We are aware that this is a stressful time for all and that a break is well-deserved. Some teachers have provided their classes with a few fun, creative activities and there will be an ongoing Art Competition in Y3-6, but we do feel it would be beneficial to maintain a degree of normality, however small that may be.

Several of you have requested some work for the holiday feeling that the daily routine has helped your children cope with their current confinement. With this in mind, we have prepared an optional mini-project that will be shared with the children in Y3 to Y6 via their Gmail accounts. I want to stress that this is completely optional. It has been designed to be more creative in nature and can be used as a whole family project rather than a formal lesson. If you require more information about the project you will find clearer, more detailed guidelines in the shared project file entitled The Museum of Fun.

Although we have no firm information about reopening dates, the government announced today that all schools will remain closed until 10th May. Preparations are therefore underway to provide further online lessons after Easter. We will update you if these circumstances change.

I would like to wish you all a happy and healthy holiday and thank you again for your continued support.

Best wishes,
Judi Korakaki
Head of Juniors
